

Adding Social Library to your Facebook page

Log in to your Facebook account

Enter the following in the address bar

<http://www.facebook.com/pages/Librarily/260059294059804>

Click the Configuration drop-down menu (**Go to App**)

Choose **Add App to Page**

Click the **Add Page Tab**

Open or refresh your library's Facebook page

A Library Search Link is added to your page

Configuring the Social Library Search Link

On your library's Facebook page you will see a **Library Search** icon

Choose the **Library Search** app

The Library Search Settings page opens

Enter the sitename (HARRINGTONLC)

Password (Wils8035)

Click **Login**

The Libraries Page opens

Choose your library or the libraries you want to make searchable from your Facebook page

Click **Save**

Renaming the Library Search tab

If you wish to rename your search tab follow these steps

Login to your Facebook page

Choose the **Manage** drop-down menu in your Facebook page's **Admin Panel**

Click on **Edit Page** drop-down menu

Choose **Edit Settings**

Click **More**

Choose **Apps**

Choose the **Edit Settings** link in the Librarily app section

Enter your custom name in the **Custom Tab Name** field

Click the **Save** button

Click the **Okay** button

Now your users can search your catalog directly from your Facebook page.
