Can't Open more than one Wizard at a time

If you can’t open more than one Wizard at a time you need to set Multiple Windows Mode or Tabbed Windows.

To select Multiple Windows Mode or Tabbed Windows
Click on Preference

Click on Desktop
Click on Desktop Setup
At the bottom of the Preference box you will choose Multiple windows mode or Tabbed Windows
Click OK

You will receive the following message

![Warning message]

These changes will not go into effect until you restart the workstation.

OK

Click OK

Log out of Workflows

Log back into Workflows

Your Wizards should be on the left side as usual
